Victim Information

Name:	Claudia Rausch
Are you reporting on behalf of a business?	No
Business Name:	
Is the incident currently impacting business operations?	[None]
Age:	30 - 39
Address:	5401 MCGrath Blvd Apt 1504
Address (continued):	
Suite/Apt./Mail Stop:	
City:	North Bethesda
County:	Montgomery
Country:	United States of America
State:	Maryland
Zip Code/Route:	20852
Phone Number:	9154224583
Email Address:	claudiamarausch@hotmail.com
Business IT POC, if applicable:	HRSA at HHS
Other Business POC, if applicable:	

Description of Incident

Provide a description of the incident and how you were victimized. Provide information not captured elsewhere in this complaint form.

I believe that cybercrimes in violation of 18 U.S.C. §1029-1030, and §1037 are being committed by the owners of the vehicles identified further below, which have begun appearing outside my home, with the intent to obstruct the administration of justice, aid in covering-up fraud, and unlawfully interfere with my pursuit of a case that is currently before The United States Equal Employment Opportunity Commission (EEOC), EEOC NO. 531-2020-00310X. Most Notably, I have been locked out of my EEOC Portal Account on three occasions, and during the last time I attempted to file a document on the EEOC portal in support of the case, I was unable to access the cloud (google drive) I have been using to transfer such documents from my personal computer as it seemed the JavaScript or code for my browser had been tampered with, and as a result, redirecting me elsewhere. My calls drop when I discuss the case, I experience interferences with my network connection and my phone overheats whenever I do anything online related to or in support of this legal case. I have also received unusual error messages that certain webpages are ‘not secure’ on my federal government computer and have been locked out of my home Network Admin page, my Ring Security System, and websites I last used to see to run the license plates of the cars.

I began to experience odd occurrences with my iPhone and computer that only occurred during the times I had last seen the vehicles on top of the garage and I am working on the legal case. In further investigating the matter, I found that several vehicles had begun parking in unusual places on the lower top floors of the garage (4th through 5th floors, sometimes 3rd), specifically around the parameters of the garage where they are not completely blocked by the garage concrete walls. Not only do most of the vehicles appear positioned far from the garage’s elevator, but

many have been parked in areas that do not provide the most shade – which is unusual considering the current weather and the fact that the garage is almost empty with plenty of parking available in shaded area.

In collecting the license plates of these vehicles and researching who they belong to, as permitted by 18 U.S.C. 2721(b)(4), I found that many match the profiles of Information Technology Network Specialists, U.S. Department Homeland Security ("DHS") employees, and notably, a Crime Law Attorney who lives 5 minutes from a key party, Neal Presant, who is a defendant in my lawsuit and who I have accused of committing a crime and falsifying a medical opinion in connection with the lawsuit that I am pursuing with the EEOC. Notably, as of most recently – I filed a motion for class certification, in which I allege that these false medical opinions have adversely impacted numerous federal employees, many who were once employed with DHS. The state license plate numbers are (State and numbers) MD BLASIAN, DC GE9078, MD 4AT1315, MD 8EA9295, MD 2EL6593, MD 791M795, MD MBA132, MD 6DB9993, MD 8EN7108, MD 2DN5478, MD 9DL6952, MD 2BX2149, MD 4CH2796, MD 4CH2797, MD 9DW7744, MD 83616CB, MD 3EM6659, and MD 1EC3009.

I reported matters related to this to the FBI on May 25, 2021, as I reasonably believed prior instances evidenced corruption by public officials as they correlated with an indirect 'blackmail message' I received from my employer, The U.S. Department of Health and Human Services.
Shortly after my May 25, 2021 report to the FBI, while vehicles stopped visiting the top of the White Flint Metro Garage, but began appearing more frequently on the lower levels as described above.

Which of the following were used in this incident? (Check all that apply.)
☐ Spoofed Email
☑ Similar Domain
☑ Email Intrusion
☑ Other Please specify: Network Hacking, Network Interference and Surveilli

Law enforcement or regulatory agencies may desire copies of pertinent documents or other evidence regarding your complaint.

Other Information

If an email was used in this incident, please provide a copy of the entire email including full email headers.

The last email interference that occurred was when I attempted to forward a email to an investigator that was investigating a related matter, to one of my contacts, the email was blank. I believe more interferences ar4e occurring with my emails that I'm unaware of because I have been locked out of many of my online accounts, although never receiving an email that my passwords had changed.

Are there any other witnesses or victims to this incident?

I have posted videos of the cars and my statements of what I've experienced as it has occurred on Instagram Stories that have been watched on average by 100 people. Genevieve Schofield has witnessed them also been locked out of her accounts upon commenting on the matter. Her phone number is 206-437-9974

If you have reported this incident to other law enforcement or government agencies, please provide the name, phone number, email, date reported, report number, etc.

I reported preceding related events to the FBI's tip line on May 25, 2021.
